

# UST TESTING WORKSHOP

## AGENDA

Morning	Tank and line tightness testing Line leak detector and sump testing requirements
Afternoon	Cathodic Protection (CP) testing requirements and panel discussion

DATE: **Thursday, December 2, 2004**

LOCATION: DERR Building 2, Room 101, 168 N 1950 W  
SALT LAKE CITY

TIME: 9:00am to 3:00pm

BREAKS: Provided by **Maverik Country Stores INC.**

This workshop is designed for all Tank, Line and CP testers, Environmental and Operational Managers.

We are hoping for a lot of discussion and feedback on the above mentioned topics. Please bring your ideas and concerns.

You are invited to attend the UST Testing workshop hosted by the Utah DEQ UST Section. Please RSVP to Gary Harris at 801-536-4160 or Jason Wilde at 801-536-4132.
